FAQ	1

There may be newer versions of the software that was released during or after this product's manufacturing date. If the content in the User Manual differs from the on-screen interface, please follow the instructions on the on-screen interface instead of the User Manual.

WorldCard Cloud License Agreement

This is an agreement between you and PENPOWER TECHNOLOGY LTD. (“PenPower”) for the software product of WorldCard Cloud (the “Software”) accompanying this Software License Agreement (“Agreement”).

The Software includes the software for Server / iOS / Android / Windows /web. Before installation or use of the Software, you must read and accept the terms and conditions of this Agreement as follows. By using or installing the Software you represent that you have carefully read and expressly accept all terms and conditions contained in this Agreement and will be legally bound by the terms and conditions hereunder.

If you do not accept the terms and conditions of this Agreement, please do not install or use the Software.

1. Grant of License.

PenPower grants you a nonexclusive license to use the Software and its functionalities solely for your internal business purpose and that your use of the Software must comply with the terms and conditions of this Agreement. The Software is only licensed and not sold to you by PenPower.

2. Installation and Use

You may install and use the Software only for the number of licenses acquired by you. In order to exercise your rights to the Software under this Agreement, you must activate your copy of the Software in the manner described during the launch sequence.

3. Ownership

PenPower retains all right and related interest in and to the Software and all copies at all times, regardless of the form or media in or on which the original or other copies may subsequently exist. You neither own nor hereby acquire any claim or right of ownership to the Software or to any related patents, copyrights, trademarks or other intellectual property rights.

4. Copyright

The Software is copyrighted by PenPower and is protected by copyright and patent laws of Republic of China (ROC) and international treaty provisions. You shall not copy the Software except to install the Software components licensed by you, as set forth by law, on to computers as part of executing the Software.

5. Restrictions

Except as expressly permitted by this Agreement or by applicable law you shall not: (a) lease, loan, resell, assign, sublicense, or otherwise distribute the Software or any of the rights granted by this Agreement; (b) modify (even for purpose of error correction), or translate the Software or create derivative works therefrom except as necessary to configure the Software using the menus, options and tools contained in the Software; (c) in any way reverse engineer, disassemble or decompile (including reverse compiling to ensure interoperability) the Software or any portion thereof; (d) use unauthorized keycode(s) or distribute keycode(s); (e) permit third party access to, or use of the Software, and (f) distribute or publish keycode(s).

6. Limited Warranty and Remedy

(a) PenPower warrants that the Software will conform to the functional description set forth in its standard documentation, but does not warrant that the use of the Software will operate uninterrupted or error free. Any revisions or upgrades to the Software shall not restart or affect the warranty period.

(b) You agree that your remedy for breach of the above-stated limited warranty shall be, either: (i) correction or replacement of the Software with products which conform to the above-stated limited warranty; or (ii) return of the price paid for the Software and termination of this Agreement. Such remedy shall be provided to you by PenPower only if you give PenPower written notice of any breach of the above-stated limited warranty, within thirty (30) days of receipt of the Software.

(C) EXCEPT FOR EXPRESS WARRANTIES STATED IN THIS SECTION 6, PEN-POWER DISCLAIMS ALL OTHER WARRANTIES, INCLUDING WITHOUT LIMITATION, (I) OF MERCHANTABILITY, (II) OF FITNESS FOR A PARTICULAR PURPOSE, (III) OF NON-INFRINGEMENT OF THIRD PARTY RIGHTS, OR (IV) AGAINST HIDDEN DEFECTS. YOU ACKNOWLEDGE THAT IN ENTERING INTO THIS AGREEMENT, YOU HAVE RELIED UPON YOUR OWN EXPERIENCE, SKILL AND JUDGEMENT TO EVALUATE THE SOFTWARE AND TO ENSURE THAT THE SOFTWARE MEETS YOUR REQUIREMENTS.

7. Limitation of Liability

To the extent permitted by applicable law or this Agreement, in no event PenPower shall be liable to you or any third party for any direct or indirect damages or costs, including without limitation, any lost profits or revenues, loss or inaccuracy of data, or cost of substitute goods, regardless of the theory of liability (including negligence) and even if PenPower has been advised of the possibility of such damages.

In any event, PenPower's total aggregate liability to you for actual direct damages for using the Software shall be limited to the Software license fees paid by you for the Software.

8. Termination

This Agreement is effective until terminated. You may terminate this Agreement at any time by providing PenPower with written notice. Except as otherwise specified in this Agreement, you will not receive any refund of fees.

This Agreement may be terminated by PenPower in the event that: (i) you fail to pay the license fees and other charges set forth at the time of your order; or (ii) you fail to comply with any of the terms and conditions set forth in this Agreement and do not rectify such failure within thirty (30) days after receiving notice thereof. Termination shall not relieve you from your obligation to pay fees that remain unpaid. Upon termination by PenPower of this Agreement, PenPower shall have no obligation to refund to you any fees paid by you.

Upon any termination of this Agreement, you shall: (i) immediately cease all use of the Software, including the use and distribution of any custom applications incorporating the Software; and (ii) return the Software to PenPower or destroy same, and certify to PenPower, in writing, that all copies and partial copies thereof have been returned or completely destroyed and are no longer being used.

9. General

If any provision of this Agreement is ruled invalid, such invalidity shall not affect the validity of the remaining portions of this Agreement. This Agreement constitutes the entire agreement between you and PenPower, and supersedes any prior agreement, whether written or oral, relating to the subject matter of this Agreement.

10. Governing Law

This Agreement is governed by the laws of Republic of China (ROC).

Chapter 1 Getting Started

1.1 Log in

When you open the login page of WorldCard Cloud, please enter your user name and password to log in to the server.

Note: The preset User Name for administrator is “Admin” and the preset Password is “aaaaaa”.

1.2 User Interface Introduction

1.2.1 My Favorites

When you log in to the system, you will see [My Favorites] as the preset page. Users can manage personal and frequent-used business cards in this area. If you have added public category to [My Favorites], then you can view those added categories' cards information in [My Favorites] page. There are five sections in [My Favorites]: Category Manage Area, Card Editing Area, Functional Toolbar, Contacts List and Card Display Area. The following are the introduction for these sections:

Category Manage Area Card Editing Area Functional Toolbar

- Category Manage Area: Add/ edit/ delete/ view cards' category and switch between [My Favorites] and [Public Contacts] page.
- Card Editing Area: Add/ edit/ delete/ categorize business cards.
- Functional Toolbar: Search bar, setting button, refresh button and log out button.
- Contacts List: View Contacts information.
- Card Display Area: View business cards' original image.

1.2.2 Public Contacts

Category Manage Area contains [My Favorites] and [Public Contacts]. If you want to switch [My Favorites] to [Public Contacts] page, please click the [Public Contacts] tab on top of the category manage area.

[Public Contacts] is the database for all users to manage and share cards information. The system will base on every user's authority to show how many categories he or she can view and use. There are six sections in [Public Contacts]: Category Shortcut, Public Category Manage Area, Card Editing Area, Functional Toolbar, Contacts List and Card Display Area. The following are the introduction for these sections:

- **Category Shortcut:** You can add public category here so as to speed up viewing category's cards information.
- **Card Editing Area:** Add / edit/ delete/ categorize business cards and copy cards to [My Favorites].
- **Functional Toolbar:** Search bar, setting button, refresh button and log out button.
- **Contacts List:** View Contacts information.
- **Public Category Manage Area:** Add/ edit/ delete/ view cards' category, switch between [My Favorites] and [Public Contacts] page, add public category to [My Favorites], and add public category to Category Shortcut.
- **Card Display Area:** View business cards' original image.

Chapter 2 Admin Setting Management

Click  on the Functional Toolbar, you can open Setting's drop-down menu. By selecting the options, you can set user accounts, cards' categories, user defined fields, automatic update setting. Also, you can view the system record and restore the deleted cards and so on.

2.1 Account Setting

Choose [Account Setting] in the setting menu to enter the account setting page and edit users accounts and groups. If you want to return to Home Page, please click .

2.1.1 Add Group

1. Click , the system will open the add group window.

2. Type in the group name and click [OK], you can see the newly added group name shown in the group list.

Note: If you want to edit the group name, double-click the name in the list can open the edit group window.

2.1.2 Delete Group

Check the group you want to deleted and click , the checked group will be deleted from the list.

2.1.3 Add Account

1. Click , the system will open the add account window. Fill in the user's account, password, e-mail address, discription and click [Browse] to select the root category for the user.

Note: You need to add category before selecting the root category for the user. For more details about Add category, please refer to Chapter 2.2.1 [Category Setting].

2.2.2 Delete Category

Click  on the right side of the category, and then click [OK] in the delete category window. The category will be deleted from the list.

Note: You have to clear all the sub-categories and contacts in the category before deleting it.

2.3 Permission Setting

Choose [Permission Setting] in the setting menu to enter the permission setting page and in here you can edit all users' permission. If you want to return to Home Page, please click .

2.3.1 View Mode

While setting the users' permission, you can choose to view with [Category View] or [Group/Account View] interface. You can switch the interface by clicking the [Category View] or [Group/Account View] tab button.

- Category View: View and set user permission with category list.

- Group/Account View: View and set user permission with group/account list.

2.3.2 Permission Introduction

Click  in the permission setting page to open the edit permission window. You have to check [Permission Setting] so as to check the following options:

- Read business card permission: Allow to read cards' information.
- Read/Write business card permission: Allow to add and update cards' information.
- Manage category permission: Allow to manage cards' categories.

Tip: If you check [Apply the permissions to subcategory], the system will apply the permission setting you made for the category to its sub-categories.

2.3.3 Edit Permission

• Category View

1. Select a category in the category list.
2. Click  and check the account or group you want to edit.
3. After selecting the account or group, click .
4. Edit permission setting for the account or group and click [OK].

• Group/Account View

1. Select an account or a group in the list and select a category in the list.
2. Click  to edit permission setting for the account or group, and then click [OK].
3. When the color of the category name turns from gray to black, this means the selected account or group have the permission in this category.

2.4 User Defined Field

WorldCard Cloud provides 16 sets of user defined field for you to add so users can have extra fields to contain more detailed cards information. Choose [User Defined Field] in the setting menu to enter the user defined field page. Click , you can add new field. If you want to edit the field information, click  to open the edit field window. Moreover, to delete the field, please click  on the right side of the field.

The dialog box titled "Add User Defined" contains the following fields and controls:

- Defined Name:** A text input field.
- Automatic recognize in business card:** A checkbox that is checked.
- Defined Keyword:** A text input field.
- Language:** A dropdown menu currently showing "English and Number".
- Buttons:** "OK" and "Cancel" buttons at the bottom right.

- [Defined Name]: The defined name will be shown on the field interface.
- [Automatic recognize in business card]: The system will base on the defined keyword to recognize business cards and enter the recognized result in the defined field.
- [Defined keyword]: The system will use defined keywords to recognize business cards.
- [Language]: There are two choices: "English and Numbers" and "Chinese,Japanese,Korean."

Tip: When you edit the defined field, users will see the edited result untill they log in to the system next time.

Selected 0 items from total 60 items in this page

Page 1 of 60

Choose [Card Recycle Bin] in the setting menu, you can enter the recycle bin page. The cards shown in here have all been deleted. Only the administrator can see and restore the deleted cards.

2.6.1 Restore Cards

Check the cards and click [Restore], the deleted cards will be restored to their initial public categories. If the public category had been deleted and doesn't exist anymore, in this case, when you click [Restore], the system will open a window for you to reselect the public category of the restored cards.

2.6.2 Clear Card

Click [Clear] and choose to clear the card information deleted for 1/3/6/9/12 months ago.

Note: The card information deleted within one month can't be cleared.

2.7 General Setting

Choose [General Settings] in the setting menu, you can edit the following setting:

- Client offline setting: This setting allows users to use WorldCard Cloud offline; however, the users have to be online when you log in to WorldCard Cloud for the first time. You can set after 1/2/3/4/5/6/7/8/9/10 days, if the user's account doesn't connect to the server, it can't be used offline.
- Client automatic update setting: You can set the time for updating card information. The option includes 1/5/10/20/30/40/50/60 minutes. Once the cards in [My Favorites] and [Public Contacts] have been edited, the system will update the results to these areas according to the time setting automatically.
- Reset to default: Click this button, all the settings on this page will be reset to the default setting.

2.8 Other Settings

If you choose [Account Info.] in the setting menu, you can change your password and e-mail address; choose [Language], you can set the language of the user interface. There are three options for you to choose: Traditional Chinese, Simplified Chinese and English.

Chapter 3 My Favorites

No matter change the categories of cards or edit contacts information, any changes in [My Favorites] will be updated to [Public Contacts] automatically for the users who have the permission to share with each other. You can also click  to update the information manually.

3.1 Edit Category List

Users can add, edit or delete category in [My Favorites].

3.1.1 Add Category

1. click  on top of the category list to open the add category window.
2. Enter the category name and click [OK], you can see the new category shown in the category list.

Note:

1. *Sub-category can't be added under the default category (e.g. All). If you want to add categories under [All], please click , choose [Category Settings] and add category in this page. For more instruction, please refer to chapter 2.2 [Category Settings].*
2. *In the same layer, the added category's name can't be the same with the existed one.*

3.1.2 Add Category

1. Select the category you want to edit from the category list.
2. Click  to open the edit category window.
3. Type in the category name and click [OK], the edited category will be shown in the list.

3.1.3 Delete Category

1. Select the category you want to delete from the category list.
2. Click , the system will ask if you are sure about the deletion.

3. Click [OK], the selected category will be deleted from the list.

Note: Before deleting a category, you have to clear its sub-categories and contacts information first.

3.2 Edit Card Information

3.2.1 Card Editing Page

Users can add, edit, delete and categorize cards in the card editing area. When you click  (add card) or  (edit card), the system will open the card editing page, which can be sectioned into text information and image area.

In the text information area, click  beside the fields, you can select for more field options. Moreover, if you click category field or  beside it, you can categorize for the card; Click name/ address fields or  beside them, you can enter more detailed information of the contacts.

As for the image area, you can add photos or card images of the contacts. In the card editing area, you can:

- Click  /  to switch the front/ back of the card image.
- Click  to add or change the card image.

- Click  /  to enlarge or shrink the card image.
- Click  to delete the card image.

3.2.2 Add Card

Furthermore, you can click  beside the search bar to set the advanced search requirement. In [Particular Field], you can choose from the fields option and type in the keywords. You can also check [Specified Category] and [Specified Date] to have more specific search for the contact.

The image shows a dialog box titled "Advanced Search(Only Public Contacts)" with a close button (X) in the top right corner. Below the title bar, the text "Particular Field" is displayed. The main area contains three rows of search criteria, each with a dropdown menu, a "Contain" label, and a text input field. The dropdown menus are currently set to "Full Name", "Instant Message", and "Email". Below these rows, there are two radio buttons: "And:" (which is selected) and "Or:". At the bottom left, there are two unchecked checkboxes: "Specified Category" and "Specified Date". At the bottom right, there are two buttons: "OK" and "Cancel".
